

## Monday Morning

Chris Rea

Monday morning, see what you can do  
Hit the freeway, take the grey and make it blue  
My dream don't fight with daylight  
It don't bleed for you  
Keep your secret  
'Til lucky Tuesday smiles for you  
Hold on easy, don't you ever let him know  
Monday morning,  
When I get out  
You ain't never gonna see me go  
Monday morning, Monday morning

Don't make ambitions  
That let Monday tie you down  
Keep it simple  
Keep it easy  
Or for sure he'll bring you down  
Stay cool, never Monday's fool,  
Let him think you play the game  
Leave Sunday  
When the time is right  
Oh and never see Monday again

Hold on easy, don't ever let him know  
Monday morning, when I get out  
You ain't never going to see me go  
Oh, Monday morning, Monday morning,

Fucking Monday morning
