

## Stony Road

Chris Rea

This is the story  
Oh this is the way  
Gospel of reason  
When the pain came to stay  
The life of a loser  
Who wins with a smile  
The sinners redemption  
In the tears of a child

Me & Katie  
We go dancing down the stony road  
See her laughing through the pain  
Of such a heavy load  
Me & Katie  
We go dancing down the stony road

You're looking for sugar  
To kill the grey  
You're looking for the laughter  
To take the pain away  
God don't give nothing  
No you got to steal your own smile  
Learning to find it,  
In the tears of the child

And me & Katie  
We go dancing down the stony road  
See her laughing through the pain  
Of such a heavy load

Me & Katie  
We go dancing down the stony road  
Let's go dancing, let's go dancing  
Dancing down that stony road
