Two Days Missing Down The Viper Room

Chris Rea

I went down to the Viper room
Just the other day
I only popped by
For something to take away
Just for a while I thought I'd stay
Two shots of whiskey and the band began to play
Oh trouble
Yeah, I got trouble

I can't remember nothing
But some old blue tune
Two day's gone missing down the Viper room
Oh trouble
Yeah, I got trouble

My baby she gone
Without a trace
I got blood on my jacket
And a bruise on my face
They say the cops are coming
Yeah they get me soon
They seem to know what happened
Down the Viper room
Oh trouble
Yeah, I got trouble
I can't remember nothing
But some old blue tune
Two day's gone missing down the Viper room
