

# What Kind of Love Is This

Chris Rea

What kind of love is this?  
The way you make me feel the way I do  
To hide my secret wish  
No way an easy thing to do

I put my heart out on the line  
To be broken with a kiss  
That lets me know  
The danger waiting in the wings  
That you don't really care  
I can't let go  
And I find out too late?

What kind of love is this?

What kind of love is this?  
The pain that hurts me so  
Do I hide my deep and secret wish  
Or do I let you know  
I'm gonna find out too late...
