

# Who Do You Love

Chris Rea

how does it feel  
Hm (or you can play Hm7)  
now that you know  
what makes it work  
how far it can go  
your innocent dream  
didn't know how to play  
the game that was needed  
and now I hear it say

who do you love  
who do you really love  
what are you thinking of  
at the end of the day  
what do you want  
what do you really want
