

## Yes I Do

Chris Rea

In the morning she brings music  
Takes the dark clouds from my eyes  
Gives me something to hang on to  
When the cold wind fills the skies  
And you ask me do I love her  
Yes I do!

You tell me she could leave me  
This love could make me cry  
All I know is I want it  
And I feel it deep inside  
So just ask me do I love her  
Yes I do!

Tomorrow is tomorrow  
I just know about today

In this great big world  
Would it be too much to see  
Little joy come my way  
So just ask me do I love her  
Yes I do!
