

# You Can Go Your Own Way

Chris Rea

You can go your own way  
You can go your own way  
It doesn't matter what the others say  
Cause you can go your own way

You can go your own way  
You got a ring on your finger  
A chain around your heart and soul  
Searching for an answer  
Looking for your own control  
Walk away from the leader  
Walk away from the books  
Walk away from the TV  
Take a long hard look  
You can go your own way

You can go your own way  
You can go your own way  
You can go your own way  
You can go your own way

You can go your own way  
You can go your own way  
It doesn't matter what the others say  
Cause you can go your own way

You can go your own way
