Smile

Chris Rice

How far are you, how close am I I know your words are true and I don't feel them inside Still I believe you'll never leave So where are you now

You're all I have, You're all I know Your breath is breathing in my soul Still I am gasping, aching, asking Where are you now

'Cause I just want to be with You I just want this waiting to be over I just want to be with You And it helps to know the Day is getting closer

Every minute takes an hour Every inch feels like a mile Til I won't have to imagine And I finally get to see You smile

My journey's here, but my heart is There So I dream and wait, and keep the faith, while You prepare Our destiny, til You come back for me Oh, please make it soon!

'Cause I just want to be with You I just want this waiting to be over I just want to be with You And it helps to know the Day is getting closer

Every minute takes an hour Every inch feels like a mile Til I won't have to imagine And I finally get to see You smile

I just want to be with You I just want this waiting to be over I just want to be with You And it helps to know the Day is getting closer

I just want to be with You I just want this waiting to be over I just want to be with You And it helps to know the Day is getting closer

Every minute takes an hour Every inch feel like a mile Til I won't have to imagine And I finally get to see You

Every minute takes an hour Every inch feel like a mile Til I won't have to imagine And I finally get to see You smile
