Can't Deny Me

Chris Webby

You can't deny me, baby, why would you want to, you need me,
You can't deny me, baby you want to, you need me.
Can't deny me, baby you want you, believe me.
Can't deny me, baby you want you, you need me.

I'm rap... back to attack the store kill my mom's bedroom
And deliver the baggy a crack 'cause I rap... since for you the
 match box
... superstitious like level fifty in black... is that dirtynes
s, got to see it stores like
... kill them with the wordly shit,.. with the mother fucker...
... spent in... baby everything I said...
Papa next pill moving on the next kill,
First agree murder beats with the best skill
Running shit like mister Hankie on the treadmill,
They don't even understand what I've been raping,
Tarring down Mike... see in Manhatan
I just try to hate but can't compete...
... kid... scratching.

You can't deny me, why would you want to, you need me,
You can't deny me, baby you want to, believe me.
Can't deny me, why would you want you, you need me,
Can't deny me, baby you want to, you need me.

Speak in tight every day I'm being Mike wanna be the Asia... ar
rest the Condoleezza Rice,
Plus it's right... with Jesus Christ,
'Cause there's a lot of cheese all I want to freak in slice
Any chick... double Jesus all I need,..
And if she cooks I reconsider if I need a wife,
They see my skin coloured so they don't believe I'm nice
But they don't mad if I'm black, blue, green or white
'Cause I've been killed around since my adolescence
I kill a bee mother fucker better grab a medic
I'm working a girlfriend white like... and... sexual wishes jus
t like a... and sadic
From the past to present I get attacked revenges to... like a..
. crack dependence
Try to get my money and... and spend it
And take my competition... just like a...

You can't deny me, why would you want to, you need me,
You can't deny me, baby you want to, believe me.
Can't deny me, why would you want you, you need me,
Can't deny me, baby you want you, believe me.
Can't deny me, why would you want to?

Can't deny me, baby you want to, believe me.
