

Last Chance

Chris Webby

Yeah.
We all get to that point in our life,
Ya know,
Shit really hits the fan and,
Everything seems like it sucks.
But ya know, you always gotta think,
Everything happens for a reason.
Ya know what I'm sayin'?
Check,

Everybody make mistakes,
I'm the first to admit it.
But once you make a choice,
You're forced to live with it.
Some people never get it till they live it,
And then once they live it,
There's not a chance that they ever could forget it.
You wish that you could switch it,
Waitin' on that lawyer visit.
Now the old me dead and gone,
Like I had Timberlake to spit it.
The way I had been livin' my life just wouldn't cut it,
Head always in the clouds with an attitude like, "Fuck it."
But that's just immaturity, and surely, I've figured out thoroughly,
That that was only hurtin' me.
Now I need to purposely, get my life back on track,
And leave some things in the past, it's as simple as that.
Yeah.

Some people say that I'm not worth it,
I made mistakes but nobody's perfect.
I guess I'll give it a try.
One last chance to get myself together,
I can't lose no more time, it's now or never.
And I try to remember, who I used to be,
I got one last chance to get myself together.

Sometimes you need to realize you got one last chance,
When the outcome of your life rests within the judge's hands.
I'll never understand how one man with a gavel,
Can decide whether your future is worth bein' unraveled,
Or take away your paddle and send you right down shit's creek,
For as long as the dude sees fit, see.
It's a tough ass world that we live in,
You could find yourself imprisoned over one wrong decision.
It's difficult to get this shit outta your mind,
Just press rewind, go back in time.
But I've accepted that I need to find the bright side,
Cause often the dark is the only thing inside.
I'll find that silver lining cause I gotta keep on grindin',
Until I reach the top, you know I gotta keep on climbin'.
One setback won't stop me, I'm still here breathin'
Believin' that even this shit happened for a reason.

Some people say that I'm not worth it,
I made mistakes but nobody's perfect.
I guess I'll give it a try.

One last chance to get myself together,
I can't lose no more time, it's now or never.
And I try to remember, who I used to be,
I got one last chance to get myself together.

And I don't wanna be misunderstood,
I gotta take this chance, and make it into something good.
Some people say that I'm not worth it,
I made mistakes but nobody's perfect.
I guess I'll give it a try.
One last chance to get myself together,
I can't lose no more time, it's now or never.
I got one last chance to get myself together,
I can't lose no more time, it's now or never.
And I try to remember, who I used to be,
I got one last chance to get myself together.
I got one last chance.

Yeah,
I got one last chance.
(But that's all I need)
Sometimes, you just gotta change everything up.
Grow the fuck up, ya know?
Cause you can always bounce back.
Ha, ha, ha, ha!
It's Chris Webby.
