

## Success

Chris Webby

Are you really here or am I dreaming  
I can't tell dreams from truth  
For it's been so long since I have seen you  
I can hardly remember your face anymore

Yeah, is that really you success?  
I know you're close...  
But I haven't seen you in so fucking long man, you know  
I'm a find you though, I'm gonna find you

Yeah, success, is that you around the corner?  
I've been on your trail, now they say it warmer warmer  
It's been a long time since I seen you too  
Probably since my last wrestling match in high-school  
And after that you left me, packed up and bounce with lady luck  
Then shit got messy, grades started slippin' and the drugs kicked in  
E pills, coke, percs, Klonopins  
Either high or in a bad mood, pissed off teenager covered in tattoos  
Grade A fuck-up, simple as that  
I'm surprised my two parents didn't turn their back  
But they never gave up on me, I love 'em for that  
And I promise I'm a pay it all back with these raps  
I know my bail was high but mom and dad I'm a pay back  
Every penny or I'll try, let it rot

Are you really here or am I dreaming  
I can't tell dreams from truth  
For it's been so long since I have seen you  
I can hardly remember your face anymore

Yeah, success, is that you?  
People tell me that you're nearby and I'm hopin' that it's true  
Cause lately you haven't made an appearance in my life  
Just a spot at the bottom and a lot of long nights  
Court fees, shity jobs, bad luck, drug problems  
Or have a non-religious kid looking to God  
Swear to God I been through a lot of shit on this path  
I'm not here to brag about it but no one can change the past  
I put together raps tryna make myself a stag with it  
I've put my heart, soul, everything I had in this  
Slice my wrists and I bleed for this rappin' shit  
How could you motherfuckers say I'm not passionate?  
This is all I've ever loved, do it till the death of me  
Proven that I'm worthy, I don't care what they expect from me  
And I'll do it till there's not a breath left in me  
Tryna make it in this crazy world successfully  
Ah, tryna make it in this crazy world successfully  
Tryna make it in this crazy world successfully  
Tryna make it in this crazy world successfully  
Yeah

So many people tell me success was up for the taking  
But I can't tell if it's real or in my imagination  
Spitted so sick that I need a vaccination  
But I'm still underrated as fuck  
Any occasion that I had to rise to, I did  
But they still consider me a gimmick strictly just because of where I live

Dope when I rap I flow, it's my path to blow  
This ain't the motherfuckin' white rapper show  
Sharpin' skills like katanas in the arms of a ninja  
Pure bred with the heart of a winner  
Put my all in this shit, if I fall or I trip  
I'm just gettin' back up, never callin' it quits  
So hard when I spit, you need armor for this  
Dusk till dawn till I'm gone I'm a spit  
Do it till I die, nothin' less  
Word to my very last breath I'm a find my success  
Yeah

Are you really here or am I dreaming  
I can't tell dreams from truth  
For it's been so long since I have seen you  
I can hardly remember your face anymore
