

# Can't Get Off

Chris Whitley

I ain't got no pride in my pants  
I ain't got no poise or plans  
Hear me out with your hands

It's nothing major, sister  
I can't get off  
Yeah, nothing major

I ain't got no acid love  
Ain't got no problem to solve  
I'm doing my best to dissolve

Well, it's nothing major, sister  
I can't get off  
I can't hang out, sister  
I can't get off

I been watching it go by  
Well, I been gone so long  
[Incomprehensible]

Entertain religion of law  
Slave morality and the norm  
You know it  
I'm doing my best to conform

Well, it's nothing major, sister  
I can't get off  
It's nothing major, sister  
I can't get off

But I been watching it go by  
Well, I been gone so long  
I want to hear the new word now, now, now

I been watching it  
I been watching it go by  
I been gone so long  
I want to hear the new word now, now  
I can't get off
