

You Mean That Much To Me

Chrisette Michele

Do you know you can come to me for anything?
No, I mean... anything
And I'll give you everything
So...

Tell me your secrets
And I'll tell you mine
Every truth, every lie
Every wrong, every right
Every heartbreak, every setback
Every mistake, every crime
Make me your confidant
Make me your best friend
If you lose or if you win
If you're a saint or if you sin
And if I don't understand I'll do the best that I can

'Cause ooh
Some People search high and low
For someone that makes them whole
So I'm not letting go

'Cause you mean that much to me
So take all this love from me
I'm giving you every part of me
All of this heart of me
Here is my offering

'Cause you mean that much to me

I'll be your refuge
Be your sanctuary
Bring you peace like a dove, like a prayer
Like a hug
And if that don't do the trick I came equipped with my love
Ask of me anything
Any gift, any kind
Any reason, any time
Any need of any size
And if you'll need something more
I'll search til I find

'Cause oh
People search high and low
For someone that makes them whole
So I'm not letting go

'Cause you mean that much to me
So take all this love from me
I'm giving you every part of me
All of this heart of me
Here is my offering

So vital is your heart to mine
I give you my life
Without you it's hard to survive
You are the anchor to my lifeline

'Cause you mean that much to me
So take all this love from me
I'm giving you every part of me
All of this heart of me
Here is my offering

'Cause you mean that much to me
You mean that much to me
You mean that much to me, baby
