

# Here On Earth

Chrishan

I was fallin' fast, so fast from out the sky  
And on the other side of town I wasn't far behind  
They said I can resist... for the love  
But ever since we met our hearts just opened up

The way this story goes  
What's goin' on?  
Look at what we started  
Cause I'm from Venus, you're from Mars, yeah

We're from two different places  
Stuck in this world  
And from two different planets  
We fell in love  
Here on earth, here on earth

Only someone like you could really change my life  
And now that I've found the one  
I ain't checkin' for anybody else  
We got the rest of our lives

Boy you got my heart  
Anything you need I'll do it  
Right here from the start, yeah  
Like a cash  
Baby, you ain't gotta ask  
You're the best thing I have, hey

The way this story goes  
What's goin' on?  
Look at what we started  
Cause I'm from Venus, you're from Mars, yeah

We're from two different places  
Stuck in this world  
And from two different planets  
We fell in love  
Here on earth, here on earth

Yeah, oh  
Here on earth, oh  
Here on earth  
Here on earth, yeah  
I ain't goin' nowhere baby  
Now that you're here

We're from two different places  
Stuck in this world  
And from two different planets  
We fell in love  
Here on earth, yeah  
We fell in love  
Baby, right here on earth

Here on earth, here on earth  
Yeah
