Tell me can I hit it in the back of the cut list

In your eyes in can see that you want me
I know that you getting with no bullshits
Take all of these when you leave in the morning
One, two, three in the morning
One, two, three in the morning

When I'm up in the bad, pass out
When I'm up in the bad, pass out

When I'm up in the bad, pass out
