

Finding Out The Hard Way

Christian Bautista

I can't take all the blame now can I
It takes more than one to lose
Such a fine line that lies between
But holds together

Turn to the night
Turn to the time
Whoa... and I'm findin' out the hard way
It's gonna take some tears
Little bit of heartache
We're like islands in the stream
Watchin' all our dreams
Startin' to fade, fadin' away

A moment gone is gone forever
It's like water through the hands
And you spin the
Wheel of misfortune

Watching the time
We're livin' in love
No... if I find another hallway
It's gonna take some tears
A little bit of heartache
We're like islands in the stream
Watchin' all our dreams
Startin' to fade, fadin' away

I keep reachin' out
Come up empty handed
Didn't I let you down
Or did I leave you stranded

And I'm findin' out the hard way
It's gonna take some tears
A little bit of heartache
We're like islands in the stream
Watchin' all our dreams
Startin' to fade, fadin' away

Whoa... and I'm findin' out the hard way
It's gonna take some tears
A little bit of heartache
We're like islands in the stream
Watchin' all our dreams
Startin' to fade, fadin' away
Startin' to fade, fadin' away
Startin' to fade, fadin' away
Fade away...
