

# I Will Be What I Believe

Christian Bautista

I aspire to be the best I can  
I'm inspired to know what I'll become  
I believe there comes a time  
When my star will start to shine even though each day is such a  
n uphill climb

But I believe I can soar to the sky uphigh when you're there yo  
u can inspire  
No doubt in my mind what you dream you will become  
Coz I believe I can climb on a mountain high  
I'm inspired to reach the stars  
As long as I live will be what I believe

There's a winding road that lies ahead  
No one knows what lies beyond the bend  
Though the future none can see  
I will make my destiny  
I can be the best in what I want to be

But I believe I can soar to the sky uphigh when you're there yo  
u can inspire  
No doubt in my mind what you dream you will become  
Coz I believe I can climb on a mountain high  
I'm inspired to reach the stars  
As long as I live will be what I believe

I will be wat I believe
