## **Never Far Away**

## **Christian Bautista**

Another mile down the road Another mile from my home At times I feel quite alone Cause you know, cause you know all there is to know So hold my heart, as it's breaking apart And I'll, I'll hold yours in mine

Oh oh oh, you're never far away Oh oh oh oh, you're never far away Oh oh oh oh, you're never far away From me

I close my eyes and try to see See you right in front of me As if you're only in my dreams But you are everywhere and in between You're the moonlight in the dark of my night And you shine bright so I can see

Oh oh oh, you're never far away Oh oh oh oh, you're never far away Oh oh oh oh, you're never far away From me

You catch my tears as they fall It's like I never left at all And all the world feels so small Cause right now we are high above it all So hold me close, don't ever let me go Tell me what I already know

Oh oh oh, you're never far away Oh oh oh oh, you're never far away Oh oh oh oh, you're never far away From me

Another mile down the road...
