

# The One Who Won My Heart

Christian Bautista

I swore I'd let nobody in  
Not that way again  
I'd fixed it so they won't stand a chance  
But you lessened the distance  
I think you knew what this could be  
You never gave up reaching for me

[Chorus:]

Because you hold me up so high  
Give yourself with no condition  
Because you guide me  
When I'm stumbling in the dark  
You hear what's deep inside  
When I need you there to listen  
You're the one who won my heart

And it's still a mystery  
What you see in me  
Coz you know I've never been an open book  
But maybe I'm changing  
Just a little less true  
There's not a question  
I owe it to you

[Repeat Chorus]

[Bridge:]

And I know you keep it safe  
I trust in you that way  
To keep with your possession  
Every moment everyday

[Repeat Chorus]

The one who won my heart
