

You And Me

Christian Bautista

I never knew, I could feel like this
It's like anything is possible
In something more than physical
I never thought I'd ever get to this
You swept me off my feet
Now my life is complete

I'll take all your imperfections
The crazy indecisions
To fight for the right to love you
I'm whole again because of you

You and me together will keep the love alive
You and me together I know we can survive
There's nothing we can do
We're stronger when we're two
Let's stay together in a dream that is me and you

I never dreamed I could have you in my arms
I'll never let you go
We are body heart and soul
I never thought I would ever get to this
You swept me off my feet
Now my life is complete

I'll take all your imperfections
The crazy indecisions
To fight for the right to love you
I'm whole again because of you

You and me together will keep the love alive
You and me together I know we can survive
There's nothing we can do
We're stronger when we're two
Let's stay together in a dream that is me and you

You and me together will keep the love alive
You and me together I know we can survive (I know that we can survive
)
Just me and you

You and me together will keep the love alive
You and me together I know we can survive
There's nothing we can do
We're stronger when we're two
Let's stay together in a dream that is me and you

Let's stay together in a dream that's me and you
