

## Pretty As A Picture

Christian Kane

Pretty girl on every corner  
Sunshine turns the sky to gold  
Warm warm, it's always warm here  
I can't take the cold

Streets littered with diamonds  
Every one's glistening  
This whole world shines so brightly  
I can't see a thing

Pretty as a picture  
Seems like a golden rain  
Settles me with love and laughter  
I can't feel a thing

The sky's gonna open  
People gonna pray and crawl

It's gonna rain down fire  
It's gonna burn us all

The sky's gonna open  
People gonna pray and sing

Oh, I can't feel a thing

Pretty as a picture  
She is like a golden dream  
Fills me with love and laughter  
And I-I I can't feel a thing

The skys gonna open  
People gonna pray and crawl

It's gonna rain down fire  
It's gonna burn us all

The sky's gonna open  
People gonna pray and sing

And I can't feel a thing

Oh, I can't feel.
