

# We Were In Love

Christian Kane

Well, I can't believe you're standing here  
I haven't seen you in so many years.  
Your pretty face hasn't changed, my dear.  
Would you mind if I bought you a beer?  
Just finished school,  
Got my degree,  
And you got yours too and you're teach  
High school geometry...  
All those crazy kids we used to be.  
My job takes me from town to town,  
Full speed ahead with the pedal down,  
But seein' you  
It sure takes me back to when,

We were in love.  
Fallin' so fast,  
Takin' on the world,  
So sure that it would last.  
And it was so real  
And I know that it was,  
Yeah, for a moment  
We were in love.

I see on your finger there is a ring.  
Did you go and find Mr. Everything?  
Did he steal your heart?  
Did the angels sing?  
Sweep you off your feet just like a dream?  
I can tell it did by the look in your eyes alone,  
What a lucky guy.  
As for me?  
Don't worry, I'm doin' fine.  
Yeah, my weekends are full but I won't lie-  
I've brought a couple of girls back to the house  
But mama always ends up asking about how you are  
'Cause she swears that she knows,

We were in love.  
Fallin' so fast,  
Takin' on the world,  
So sure that it would last.  
And it was so real  
And I know that it was,  
Yeah, for a moment  
We were in love.

And if this last time I ever see your smilin' face  
I hope you always remember,

We were in love.  
And it was so real  
And I know that it was,  
Yeah, for a moment  
We were in love.

We were in love.
