

Dying but alive

Christian Linke

Sometimes I feel like I'm done
I'm nothing, I'm nothing
the end is near to come
What am I to do but run?
I'm fighting, I'm fighting
Beneath the surface I am done

I am dying but alive
I am dying but alive
I am barely so alive
I am barely so alive

I am near them but I want just quit
keep trying, keep trying
Succeeding is what you forbid me
As I am lying in the dust
I'm crumbling, I'm crumbling
Standing up takes all my guts

I am dying but alive
I am dying but alive
I am barely so alive
I am barely so alive

I am dying but alive
I am dying but alive
I am barely so alive
I am barely so alive
