

## What I lost

Christian Linke

Heartbeat stopping and  
I just don't know why  
And I lose my disguise  
that keeps me alive  
pictures motionless

And I got to confess  
I lose my ground  
And it's all you

My body shakes once again  
feeling all at once  
sense is going numb

I hear no sounds  
but yours everything falling apart  
rescue me

I can't breathe  
I cannot forget what I lost  
what I lost
