

You Look All The Same

Christian Walz

You look all the same
Bringing on the night home
Breakin' underworld
Want to get in under

You look all the same
Bringing on the night home
Breakin' underworld
Want to get in under

You look all the same tonight
You look all the same
You look all the same, same tonight
All the same tonight
You look all the same
You look all the same, same tonight

You look all the same
Bringing on the night home
Don't wanna be alone
No one will look the same,
but you, you..

You look all the same tonight
You look all the same
You look all the same, same tonight
All the same tonight
You look all the same
You look all the same, same tonight

You look all the same tonight
You look all the same
You look all the same, same tonight
All the same tonight
You look all the same
You look all the same, same tonight

You look all the same tonight
You look all the same
You look all the same, same tonight
All the same tonight
You look all the same
You look all the same, same tonight
