

If Only

Christie

If only you were not so far away
I would come to you, I surely would
If only I could find the words to say
I could speak my mind, and you would know

If only, if only
There was a way
If only, I knew the reason
But I don't, so I just sing this song for you

If only I had silver wings, I'd fly
If it could be so, I'd be with you
If only time was on my side, I'd try
Nothing would keep me away from you
