

# Dynamite

Christina Aguilera

Dancing 'til the morning on a velvet sky  
Racing to the top with golden rays of light  
I never felt so free and it's so dangerous  
The night was electronic painted red with lust

I move, you shake, we magnetize  
A time I was exploding with no warning side?

Dynamite, electrify me all night  
Dynamite, just give it to me, I won't bite  
Dynamite, you make me feel, it's alright  
Dynamite, shine it on me

Caught up in this moment I was hypnotized  
Shake this feeling got me paralyzed  
I do, I don't think I might  
My body was electric like a flashing light

Dynamite, electrify me all night  
Dynamite, just give it to me, I won't bite  
Dynamite, you make me feel, it's alright  
Dynamite, shine it on me

A change, a change is coming  
A change, a change is coming

All around me but a change is 'bout to happen  
The energy has become my inspiration  
If you'd take a deeper look you'll find the information  
I'm only just a fragment of controlled imagination

Dynamite, electrify me all night  
Dynamite, just give it to me, I won't bite  
Dynamite, you make me feel, it's alright  
Dynamite, shine it on me

(O-o-uh, o-o-uh, o-o-uh) electrify me  
(O-o-uh, o-o-uh, o-o-uh) I won't bite  
(O-o-uh, o-o-uh, o-o-uh) just give it to me  
(O-o-uh, o-o-uh, o-o-uh o-uh o-uh)
