

Let There Be Love

Christina Aguilera

Mmmm Oh Yea
I wanna tell you my secret
With just the sound of my breathing
I wanna know your hearts beating
I wanna tell ya
I wanna tell you

Awooo, like that
Yeah it feels so good that I can't hold back
Like that, Hit the right spot
Make my eyes roll back

Let there be let there be love
Here in the here in the dark
Turning me turning me on
Not gonna fight anymore
Cause I want your touch (2x)

Want you tell me you need it
I wanna hear it repeated
Want you to take me completely
Want you to tell me
Want you to tell me

Awooo
Like that
Yeah it feels so good that I can't hold back
Like that
Hit the right spot
Make my eyes roll back

Let there be let there be love
Here in the here in the dark
Turning me turning me on
Not gonna fight anymore
Cause I want your touch (2x)

Let there be let there be love
Let there be let there be love
Let there be let there be love
Let there be let there be love

Let there be let there be love
Here in the here in the dark
Turning me turning me on
Not gonna fight anymore
Cause I want your touch (2x)
