

# Unless It's with You

Christina Aguilera

Never wanted to feel weak in love, give up control  
Never wanted to let down my guard, be vulnerable  
Never wanted to feel helpless or too comfortable  
I make it on my own, hey

I've been thinking a lot about the way that people change  
The most beautiful beginnings can go down in flames  
It's inevitable, and that's what's got me so afraid  
I'd rather be alone

I don't want no white picket fence  
Dozen roses and a wedding dress  
Fairy tales are fake happiness  
But here we are and I must confess

Yeah, I'm in over my head feeling confused  
I'm losing my mind, don't know what to do  
'Cause I don't want to get married  
Unless it's with you, unless it's with you

You came into my life when I wasn't trying to find  
Anybody to love, hiding what I felt inside  
But you opened me up and now I finally realize  
I'll be your girl for life

We don't need a big audience  
Thousand people we never met  
Me and you and a couple of friends  
And here we are and I must confess

Yeah, I'm in over my head feeling confused  
I'm losing my mind, don't know what to do  
'Cause I don't want to get married  
Unless it's with you, unless it's with you

And oh, I know that it's scary  
But I know that it's true, I'm saying "I do"  
'Cause I don't want to get married  
Unless it's with you, unless it's with you

Beating heart and trembling hands  
Take me just the way I am  
'Cause all that I want is one and the same  
For the rest of my days, for the rest of my days

You can ask me in a hundred years  
If I would still be standing here  
When we're old and gray, I'd answer the same  
Our love will remain, oh, our love will remain

Yeah, I was over my head feeling confused  
Been losing my mind, don't know what to do  
'Cause I don't want to get married  
Unless it's with you, unless it's with you

And oh, I know that it's scary  
(But I know that it's true, I'm saying "I do")

'Cause I don't want to get married  
Unless it's with you, unless it's with you  
Unless it's with you
