

We're a Miracle

Christina Aguilera

Here we are safe at last
We can breathe a sigh
Seems this storm has passed
Through it all, no one knew
That all the tears in heaven
Would bring me back to you
No one I know imagined we would make it
But it only made us that we both believed

You and me we're a miracle
Meant to be and nothing can change it
Mountains move and oceans part
When they are standing in our way
You and me we're a miracle
Angels stand watching over us
And heaven shines upon us every day

Every time I felt in defeat
You were there for me
By my side completely
You give me strength
You set me free
It's just because of you
I'm all that I can be
When I'm with you
The world is all to reach for
Together there ain't nothing we can't do

You and me we're a miracle
Meant to be and nothing and change it
Mountains move and oceans part
When they are standing in our way
You and me we're a miracle
Angels stand watching over us
And heaven shines upon us every day

The chance was so alive
All that we would ever need
Two stars upon the heavens
Destiny brought you to me

You and me (ohh) we're a miracle
Meant to be and nothing can change it
Mountains move and oceans part
When they are standing in our way
You and me we're a miracle
Angels stand watching over us
And heaven shines upon us every day

You and me we're a miracle
You and me we're a miracle...
