

## Ugly-Pretty

### Christine and the Queens

Pretty

Let's cease this long-time mockery  
Without distraught there's no beauty  
You're both resplendent and rusty  
Rusty

Pretty

Was your red mouth overflowing  
The lightning's path under your skin  
The veins that flowed over your chin  
Your chin

Now these flowers are sold

This lover is cold  
The hour is gone  
The colour is wrong  
And I want more  
Than just a sip of it all

Ugly

Is the black flag you wave at me  
Nausea to make history  
You think I'm lost, you just tease me  
Tease me

Klaus was

The closest one to embody  
This sharpest taste, "ugly-pretty"  
It was for love and love only  
Only

Now these flowers are sold

This lover is cold  
The hour is gone  
The colour is wrong  
And I want more  
Than just a sip of it all

Ils ont insisté pour me montrer une vidéo

Où les visages s'effondraient  
À cause de la mauvaise connexion  
Où les pénétrations en gros plan  
Promettaient des gouffres  
J'ai pensé aux creux sur ta peau  
(J'ai pensé aux creux sur ta peau)

Now these flowers are sold

This lover is cold  
The hour is gone  
The colour is wrong  
And I want more  
Than just a sip of it all
