Jump to love
Jump to love
Here i am
You're on the edge now,
Looking over.
Down below you
The raging river
I can feel you tremble
Yes i know your scared
It will alright now
Jump to love
Jump to love
Here i am
Jump to love
Jump to love
It's alright
Don't hold back now
I wanna hear you crying
Let it go now
And you'll be flying
Where ever you may land
I'll be there to break your fall
Come on
Take a chance
Jump to love
Jump to love
Here i am
Jump to love
Jump to love
It's alright
I can feel you tremble
Yes i know your scared
It will be alright now
Jump to love
Jump to love
Here i am
Jump to love
Jump to love
Jump to love
Here i am
Jump to love
Jump to love
Jump to love
Here i am
Jump to love
Jump to love
Jump to love
Here i am
```
