

# Everything

Christopher Cross

You are everything  
I never knew I wanted  
I want it

Every day on my own  
Feel uptight, feel alone  
Then at once right on cue  
I remember you

Straightaway I find my ease  
You soothe my system like a curtainful of breeze  
This two-fisted heart comes uncurled  
Feel like I can save the world

You are everything  
I never knew I wanted  
(You are the one)  
You are everything  
I didn't know I needed

You're a smile across the sky  
You are the good in the word goodbye  
And when I lose myself in you  
Feel like I'm everything too

You are everything  
(So everything)  
I never knew I wanted  
(You are the one)  
You are everything  
(Who brings up the sun, every day)  
I didn't know I needed

Ooh, an accidental state of grace  
Ooh, a splash of moonlight on my face  
Ooh, a wave of crushing blue  
They're all you

You are everything  
I never knew I wanted  
(You are the one)  
You are everything  
(Who brings up the sun)  
I didn't know  
(You are the one)

You are everything  
(So everything)  
I never knew I wanted  
(You are the one)  
You are everything  
(Who brings up the sun, every day)  
I didn't know I needed  
I need it
