

## Someday

Christopher Cross

Here's a song for the hearts so lonely  
The ones who feel that love won't come  
Looking to find that one and only  
I've got something to say to you

You see the lovers walking down the street  
You feel your life's a little incomplete  
I know what you mean and I'm here to tell you  
Wipe the tears from your eyes  
You know I would not lie

Save your love for someday, girl  
Someday will come soon  
Save your love for someday, girl  
Someday will come soon

You give your love away to someone new  
Just so you can say that he belongs to you  
You smile and you laugh and you talk of forever  
I'm not so sure that it's true

Don't give up on love  
Someday will come soon

After you've found that dream you treasure  
After the chill has left the air  
All of the pieces will come together  
The things that two can share  
But only time can take you there
