

Remind You

Christopher

You take my breath away
With your naked body
And I'm not the only one
Everyone thinks you're stunning

It's the way that you smile when you look at the crowd
I can tell that you don't know that you're beautiful
And you're fine but you think it's a lie when I say

You're beautiful, you're beautiful, don't you know it?
I always will, I always will let you know
Let you know, let you know
You're beautiful, you're beautiful, and if you ever forget

I will always
I'll remind you
I'll remind you
Remind you
I'll remind you
I'll remind you

Why you're so insecure?
Baby, you would take me away with your eyes
Give me one good reason
Don't you think it's wrong the many lies
Tell me what do you see
Baby, look at me, stop reading my mind
When you're looking in the mirror

It's the way that you smile when you look at the crowd
I can tell that you don't know that you're beautiful
And you're fine but you think it's a lie when I say

You're beautiful, you're beautiful, don't you know it?
I always will, I always will let you know
Let you know, let you know
You're beautiful, you're beautiful, and if you ever forget

I will always
I'll remind you
I'll remind you
Remind you
I'll remind you
I'll remind you

You take my breath away
With your naked body
