

Set The Record Straight

Christopher

Don't be losing your faith
I know there's a bond between us I won't let them break
You've been fighting your doubt
But I know it won't help
When your friends say they saw me out with someone else

'Cause everything that you see isn't what it seems
She left the same time but not with me
I'm not guilty, baby hear me please

So tell me you don't believe a word
Turn a blind eye to what you heard
Baby, I hope you see, I hope you see
It's jealousy
So tell me you don't believe their lies
And that I don't need an alibi
Tell me it's not too late, it's not too late, it's not too late
To set the record straight
To set the record straight
To set the record straight

If you listen to them
The gap will grow
If we just close our eyes we might wake up alone
You know I'd be a fool
To be messing around
'Cause no one comes close to you or close to what we've found

'Cause everything that you see isn't what it seems
She might have got lucky but not with me
I'm not guilty, baby hear me please, oh

So tell me you don't believe a word
Turn a blind eye to what you heard
Baby, I hope you see, I hope you see
It's jealousy
So tell me you don't believe their lies
And that I don't need an alibi
Tell me it's not too late, it's not too late, it's not too late
To set the record straight

Never too late to communicate
Kiss and make up and clean the slate
Never too late to communicate
To set the record, set the record straight

It's never too late to communicate
Kiss and make up and clean the slate
Never too late to communicate
To set the record, set the record straight

So tell me you don't believe a word
Turn a blind eye to what you heard
[set the record straight]
Baby, I hope you see, I hope you see
It's jealousy
So tell me you don't believe their lies

And that I don't need an alibi
Tell me it's not too late, it's not too late, it's not too late
To set the record straight
