

Dive In

Romano, Carlson Christy

Just dive in, let the good times roll
Nothing feels better than letting go
Just dive in
You'll find it feels good when you dive in

You see a new day
But you cant get out of bed
your heading nowere
and got nowere to put your head
and everthings spinning its like your not living
you cant even face the door
but the skys not grey
got to get out and play
the game is on

Just dive in, let the good times roll nothing feels better then letting go
Just dive in
Youll find it feels good when you dive in

Free your mind, let the whole world know
Turn it up better, And take control
Yeah dive in
You know it feels good, so go on and dive in

You got the power turn the whole world upside down
This is your hour
you gotta lift up off the ground
if you wanna go far then theres no denying
what youve been searching for
I've been all through the towns and your not coming down
Its time to go

Just dive in let the good times roll
nothing feels better then letting go
Just dive in
youll find it feels good when you dive in

Free your mind let the whole world know
Turn it up better and take controll
yeah dive in
you know it feels good when you dive in

(Come on in)
Oh yeah, the waters fine
(Wash away)
All the troubles on your mind
(Feel your skin)
Take a breath and come to life

Set it free,
Lay it down,
Let it out.....oh...

Do, do, do, do do yeah

You always think safe
And you always think twice

And you look both ways when you roll the dice
Just dive in
You know it feels good when you dive in

I know that you can do it if you just believe
Nothing get you, nothing gain
Whats it gonna be
Just dive in
You know it feels good when you dive in

Just dive in, Let the good times roll
Nothing feels better the letting go
Just dive in
You'll find it feels good if you dive in

Free your mind, let the whole world know
