Rewind

Romano, Carlson Christy

I didn't think before the words came tumbling out
Out of sync between my logic and my mouth
I said some things at the time I might of meant
But time brings only replays and regret

If I could just rewind
I would erase all that I said
Get it out of my head
We'd be fine if I'd rewind
I would undo all my mistakes
My heart could unbreak

I'd rewind
A simple phrase
Left me standing here alone
Out of phase with my fantasy and hope
Things could change yea a girl can always dream
But come a day when love is harder than it seems

If I could just rewind
I would erase all that I said
Get it out of my head
We'd be fine if I'd rewind
I would undo all my mistakes
My heart could unbreak

I'd rewind not repeat
I'd pause awhile
Before I'd speak
I'd skip ahead
Past the pain
Rewrite the end
So you would stay

If I could just rewind
I would erase all that I said
Get it out of my head
We'd be fine if I'd rewind
I would undo all my mistakes
My heart could unbreak
If I could just rewind [I'd rewind not repeat]
I would erase all that I said [I'd rewind to another day]
Get it out of my head [I'd rewind not repeat]
We'd be fine if I'd rewind
I would undo all my mistakes [I'd rewind and you would stay]
My heart could unbreak

I'd rewind not repeat
I'd pause awhile
Before I'd speak
I'd rewind not repeat
I'd pause awhile
