

Toy Town

Romano, Carlson Christy

To see the toys at Christmas time

Gonna bring you down to toy town
Better take a warm coat for the ride
Gonna bring you down to toy town
Oh, you're really in for quit a surprise

Yes, we're gonna go down to toy town
Where all the toys are waiting for you
Yes, it's been about a year since you saw them
So there's plenty catching up to do

Well, the ride may get kinda bumpy
'Cause we'll be flying Santa's old sleigh
Gotta make a few stops before we get there
So you better start packing today

You know the old rocking chair will be rocking in style
While the candy canes hang up the stockings
See the pink crocodile slide down the aisle
Watch it do some crocodile rocking

Gonna bring you down to toy town
Better take a warm coat for the ride
Gonna bring you down to toy town
Oh, you're really in for quit a surprise

Oh, the pop corn stings are warming up
The conga in the pop corn line
The modal airplane and the choo choo train
Around the track again at Christmas time

The three wheeler bike and the stroller
Are racing by the snow cone display
The kiddy cars and the gokart's
Are only giving free rides today

To see the toys at Christmas time

Well, the ride may get kinda bumpy
'Cause were flying Santa's old sleigh

You know the teddy bears they'll be wearing a smile
'Cause Mickey and Mini are planning to meet
Don't you know under the mistle toe
That's where you'll find them both standing

Tell the jingle bells to S.O.S.
Because the toys are jumping off the shelves
You're gonna miss Santa and his elves
Come on get ready for Christmas

And every year we'll go to toy town
All the toys are waiting for you
Let's go down to toy town
We're gonna go down to toy town
Where all your wishes come true

To see the toys at Christmas time
