

Johnny Don't Go

Christy Moore

Johnny Don't Go
John Spillane
Johnny don't go to Ballincollig
Where you always get so disappointed
Johnny don't go to Carragaline
I'm not coming with you this time
You only go there to get let down
Johnny don't go Johnny don't go
Johnny don't go stay in town
If you go up to Mallow
You better beware of the big Blackwater
If you went as far as Mallow
You might never again come down
Johnny don't go calling that woman
She's the one left you behind
If you go and call that woman
I'm not coming with you this time
Johnny don't go to the banks of the Shannon
Johnny don't go to the banks of the Nile
Johnny don't go to the tower of London
Hang around for another little while
Johnny don't go to the Crystal Palace
Johnny don't go to the hole in the wall
Johnny don't go to the big television
Hey Johnny don't go at all
Where would you be going
Where would you be going
Where would you be going
Where would you be going
Johnny don't go Johnny don't go
Johnny don't go stay in town
