

You Go Now

Chroma Key

"time in london now exactly 3:30 in the morning so quite a little while to go so I'm sure you'll enjoy some sleep perhaps watch a movie and enjoy some food not much more to tell you really um there are um start again you can't feel anything unless you're paying attention and if you're in a situation like breaking your leg in a burning building then your attention is on getting out of that building and only once your outside does the leg begin to hurt so in many of these situations what"
