

Call Me Up

Chromeo

hey-yay-yay-yay-yay-yay-yayyyy
call me u-u-up
hey-yay-yay-yay-yay-yay-yayyyy
call me up

you can call me up, day and night
whenever you need someone to talk to girl
you can call me up, all the time
these 14 numbers never felt so right

i know it seems somewhat extraneous
you ain't heard of this
cause i hung up on you many times before
but now this ocean separates us
and i can't fake it
but i've been wanting to hear your voice

how do i explain this kind of feelin?
i never got enough attention as a child
and now i'm staring at the ceiling
with my phone in my hand
hoping you'll make it ring

hey-yay-yay-yay-yay-yay-yay-yayyyy
call me u-u-up
hey-yay-yay-yay-yay-yay-yay-yayyyy
call me up

you can call me up, day and night
whenever you need someone to talk to girl
you can call me up, all the time
these 14 numbers never felt so right

alright so i got a card and i-i got his number so
is it- is it 0-1-1, um 3-3? uhm how bout the 6,
is there like a 6 in there? is it 0-6?
uhm, i can never really hear anything, goddammit UGH!

synthesizer solo

call me when you're sad
call me when you're mad
call me when you're home alone
call me when you're freaky
call me when you're nasty
call me when you wanna mmmmm
and if you're really upset
then you can call me collect
cause you know i'm not gonna mind
at the drop of a dime
and you can drop me a line
and i'll make it worth your time
time, time, time, time
time, time, time, time

intermission
