

Grow Up

Chromeo

I know you've had enough
But now it's time to listen up
You say you got it rough, ooh
But you're keeping your anger bottled up

Our love is so weak
We never had the decency to speak
It's been over a week
And you still won't tell me
What you want from me

Ai-oh, way-oh
Ai-oh, way-oh

I'm not asking for much
Just a little bit of clarity with us
Because if we can't be grown-ups
Then we won't grow up

I know you've had enough
But now it's time to listen up
You say you got it rough, ooh
But you're keeping your anger bottled up

And something ain't right
When you're up in the middle of the night
Two wrongs won't fix a fight
But if we get to talking it just might

Ai-oh, way-oh
Ai-oh, way-oh

I'm not asking for much
Just a little bit of clarity with us
Because if we can't be grown-ups
Then we won't grow up

Ooh, I guess I'm feeling alone again
Ooh, I guess I'm feeling alone again
Ooh, I guess I'm feeling alone again

Ai-oh, way-oh
Ai-oh, way-oh

I'm not asking for much
Just a little bit of clarity with us
Because if we can't be grown-ups
Then we won't grow up
