

## Hot Mess

Chromeo

You're a hot mess  
You act like you got nothing to lose  
But I've already lost my temper

I put my loving on the line for you, lady  
But my spirits were low  
I would have committed a crime for you, baby  
Yeah, it got out of control

I know my temper's been kinda crazy  
I need somebody. What? I need someone  
Your love is real but I just feel suffocated  
I feel so lonely. What? I feel so numb

I thought we had this conversation already  
Do you really want to go through this all over again

The way I was acting was just fine but then lately  
You sorta noticed a shift  
Every day was Christmas time for you, lady  
You got showered with gifts

But you could hear it in my voice  
I was getting kinda aloof  
And I don't really have a choice  
I guess I gotta tell you the truth

I know my temper's been kinda crazy  
I need somebody. What? I need someone  
Your love is real but I just feel suffocated  
I feel so lonely. What? I feel so numb

I don't want you from me  
I mean, I'm not a bloody social worker

I know my temper's been kinda crazy  
I need somebody. What? I need someone  
Your love is real but I just feel suffocated  
I feel so lonely. What? I feel so numb

What?  
I need somebody, I need someone  
I feel so lonely, I feel so numb
