i know, inside of me
sooner or later, we gon' be free
c'mon girl, don't make a fuss
let's have a conversation
that's not just about us

when we don't know which way to go and it doesn't really matter what we do there's gotta be one good way to know if all this is worth it we can work it night by night

she says i'm not romantic i say she's too dramatic i tell her while we're at it we can work it night by night

night by night
night by night
night by night

i know, inside of me if you wait a bit longer, we'll see what's meant to be c'mon girl, we can't be apart that special kind of lovin' reaches right to my heart

when we don't know which way to go and it doesn't really matter what we do there's gotta be one good way to know if all this is worth it we can work it night by night

she says i'm not romantic i say she's too dramatic i tell her while we're at it we can work it night by night

night by night
night by night
night by night

guitar solo
synthesizer solo

not romantic
too dramatic
we can work it night by night

she says i'm not romantic i say she's too dramatic i tell her while we're at it we can work it night by night
