

All I Have

Chromium

Lost, I'm lying in this place
There's no one left to blame but me
I cannot forget all the things done to me
No purpose left to hide it all, the thought that's inside
of us
Take every breathe before I get a chance for more

You're all I have, all I need
Just give it a chance and you will see
I'm all you have, all you need
Let me in and you will see, you are just like me

Now, alone again I pray so take me from this place I see
I will not forget all the thing done for me
No reason left to hide it all, the thought that's inside
of us
Take every breathe before I get a chance for more

You are just like me...

All I want is for you to be free
Don't be ashamed of me
All I want is for you to be free
Don't hide away, be proud of me
