This is the voice of Atlantis,
In one hundred years the human race will disappear,
The sea of Earth is our salvation,
She will begin the devastation
From all of harm that man had gained,
To the atmosphere from once we came,
we will return... But until then

Fly on UFO, Fly on by
Come meet your mission in the sky
Fly on, There's nothing worth
Stopping for on Planet Earth
Fly on UFO, Fly on

Fly on UFO, Fly on by
Come meet your mission in the sky
Fly on, There's nothing worth
Stopping for on Planet Earth
Fly on UFO, Fly on
