

World Of Lies

Chromium

Listen up I'm the one now nowhere left to run
I know that you deceive me
Put up with it so long
No more to say, I walk away
There's nowhere to run, nowhere to hide
In this world of lies
We are not alone
Nowhere to run, nowhere to hide
Killing me in time
We are on our own
Rising up, broken free, shackles that entombed me
I know you won't believe me
You hurt me for so long
No more to say, I walk away
Can you open your eyes to witness what's become?
Can you open up your mind, to erase all that's been done?
Can you open up mind?
Will you open up inside?
