

Onset Of Tragedy

Chthonic

Breeze cries deplorably with tearful rain for the coming tragedy.

Natao Wood, Swordlike Leaves, Chapped Stinger, Heartrending.

Defoliation flies desultorily to greet parturient demon.

Wild opened Ying-Fu Gate await Natao's dying

Nature, neutral observer, the only witness to sadness
Doomed to suffer ere long before she was born, the victim

Carries on unknowing, what Empyrean had planned for her
Perfect life torn asunder, loved ones lies cold at her feet

Brief mortal flames snuffed out
Gentle ways mutates to hate
Peaceful abode devastated
Clear bright skies red with the blood shed

Powerless against Destiny
Powerless against Destiny
So mote it be
So mote it be
So mote it be
So mote it be
