

Revert To Mortal Territory

Chthonic

Fatal Premonition
Murderous Intention
Rage granted potency
Worry lends wings to feet

Speeding past sheer cliffs and craggy peaks
Undeterred by neither rain nor snow
Out of Hell and into Light, to stay
Unrepentant bloodthirsty hands

Demonic haste, faster than light, yet
The sight that greeted, screamed "Too late!"
Grief Shock Anger Despair
My child's body swings in the air

Tragic disaster dismemberment of fate
Anti-justice by Gods in Empyrean
Malignity impenetrates straight to man
The fatal power growing with the deadly hates
